

One & One make Six

Written by Norrie MacIver

VERSE 1

If you told me how my life would go and where I'd be today
I'd have thought I'd still be drifting, trying to find another way
I never thought the best of me would all come down to you
Funny how these days will be the best I ever knew

CHORUS

because one and one make six for me their love fills all my days
and i wouldn't change it for the world in any other way
If they roam far from these shores, chasing dreams I've never known
They know ill always care for them and hurry them back home

VERSE 2

Four sons with fire in their eyes, raised on stories, wind, and tide,
Trying to teach them where they're from and how the old ways never die
I teach them words my father spoke, and old songs we made new
And their mother, steady as a rock, she carries us all through

VERSE 3

I'll always wonder if my boys will know how lucky they all are
They are loved by all their family, close to home and from a far
From Carloway to Barra, generations long gone by
Our family name will carry on beneath an Island sky

VERSE 4

Held in songs and accents, in the places that we stand,
in the hands that worked the soil and sea to shape this very land.
And if they ever doubt their worth or feel they're on their own,
I hope they feel the roots beneath, and know they're not alone.
